EXPERIENCE

UX DESIGNER | TRIPSLIP
June 2026 - Present

- Leading product design for TripSlip, a K–12 field-trip platform serving four user groups: teachers, parents, school admins, and venues
- Designed 140+ screens in Figma, including the redesigned teacher trip-creation flow, trip roster, digital permission-slip records, payment dashboard, and multilingual parent views
- Built the information architecture, UI kit, and a brand system the CEO uses to create her own marketing

---

PRODUCT DESIGNER | CONSTRAT AI
September 2026 - Present

- Running customer usage interviews to find where users drop off in the engagement flow
- Mapped friction points and recommended changes projected to increase customer usage 50%

PRODUCT DESIGNER | AI STARTUP
September 2026 - October 2026 · Contract

- Designed features for an AI reporting tool with a design-system focus, and led the user research behind them
- Handed off a design process proposal, a 90-day standardization plan, and a "How design works here" playbook for the CPO

UX DESIGNER | CHIP MOTORS
June 2026 · Contract

- Led the pre-launch website redesign for an electric Life Utility Vehicle startup, rebuilding the site architecture into 9 pages

---

UX & PRODUCT DESIGNER | MOTMOT
October 2025 - May 2026

- Grew monthly website users from 280 to 1,600+ through SEO and heatmap analysis
- Built 4 internal dashboards and reporting tools; managed 3 social accounts and produced photography

---

UX RESEARCH ASSISTANT | UNIVERSITY OF MICHIGAN
May 2025 - September 2025

- Evaluated infotainment systems across 13 vehicles for UMTRI, auditing 50+ UI components for usability compliance
- Prototyped inclusive in-vehicle interfaces and mentored 2 engineering interns

---

UX DESIGNER | BRIDGESTONE
September 2024 - May 2025

- Researched 5 fleet-management tools through executive interviews and usability tests, surfacing integration gaps and improving maintenance workflow efficiency ~40%

AWARDS

HACKATHON WINNER | THINK TECHNOLOGIES
August 2026

- Won the first Think Technologies hackathon, using Claude skills for research and data visualization

CAPSTONE WINNER | UMSI DESIGN EXPO
May 2025

- Recognized for Best UX Prototype in the field "Future of Work"
